Designed To Respond – Liberate From Featherlite

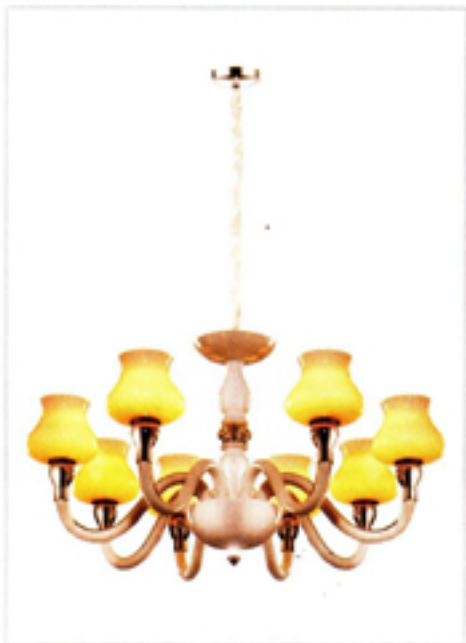

Liberate re-imagines the way a chair should behave, responding to the user's every movement to provide support at any angle. The chair is built with health oriented ergonomics in mind, featuring the unique DynaFlex system that provides intelligent feedback to the user.

This system delivers comfort for long hours at the upright 90° position typically suited for computer use. Featherlite has incorporated this technology into a product of seamless design that blends perfectly into the modern office environment.

This unique system is designed to offer unprecedented flexibility and freedom to the user, putting items on either side within easy reach. It also features a special flex lumbar support that synchronises perfectly with your back in all positions of recline.

Tisva Launches New Lighting Designs

Highlight of the new collection is the concept pendant range made from concrete. Designed for ultra-modern rugged interiors these fixtures come with aluminium reflector on the inside to ensure high efficiency of light with minimal light loss.

The Chandelier collection presents a mix of contemporary and heritage designs offering discerning consumers a choice between traditional elegance and modern decor. These ornate hanging luminaires are as much decoration as they are light sources. From exquisite craftsmanship of hand blown glass to the vintage charm of glowing candle lamps, these chandeliers are perfect for living room and dining spaces.

This range also introduces, an exquisite mirror finish copper pendant designed in a dome shape that fuses minimalism with artistic precision. Featuring a centric-circled aluminium reflector and bulb cover on the inside, it emits just the right amount of light to warm the ambience in any room. Large size metal pendants and LED table lamps complete this new assortment.

Tisva, designer home lighting, from the house of Usha International Ltd. has launched its Spring Collection 2016. Inspired by the concept of Tvisha (light) and Tattva (essence), the Tisva product portfolio brings the latest lighting trends backed by international quality and service standards.

Parryware Contributes Pink Toilets To Swachh Bharat Mission

Parryware, one of India's leading manufacturers of bathroom products is celebrating this Women's Day by contributing 1000 Indian style, pink toilets to Swachh Bharat Mission, Ministry of Urban Development (MoUD) to make Delhi open defecation free. Parryware's contribution is to promote a nationwide initiative that aims to build a social movement for sanitation and toilet use thereby leading to an open-defecation-free India.

1000 toilets will be installed in the market areas, urban slums and areas around the railway station in the capital, as the initial step to achieve well-maintained sanitation and hygiene facilities for women. "Women are an inherent part of the society and it is everyone's responsibility to make them feel secure and confident.

This contribution is our endeavour to contribute towards their safety and hygiene by providing sound sanitation facilities. We are one of India's leading bathroom products solutions providers and believe in contributing towards this dream project initiated by PM Narendra Modi and his team under the Ministry of Urban Development," said Pau Abelló Pellicer, MD, Roca Bathroom Products Pvt. Ltd.

He continues, "This Women's Day, we have contributed towards providing sound sanitation facilities for women in the capital. We hope to bring a change in the mind of the people towards a better hygiene, sanitation and thereby intend to create an open defecation free India."
