

1,000 toilets to be installed in slums around rly stations

New Delhi: Continuing with the Swachh Bharat drive, Urban Development (UD) Ministry has taken initiative to install 1,000 toilets in the market places, slums areas around railway stations in the state capitals to make it open defecation free. These toilets in pink colour were contributed by Parryware, a bathroom products manufacturer, as part of its corporate social responsibility on the occasion of the Women's Day, according to UD Ministry. "While women safety has always been on top of our agenda while devising sanitation plans, this contribution will set an example for other corporates to join the mission," said UD Joint Secretary Praveen Prakash, who is also the Mission Director for Swachh Bharat Mission.
