

## PARRYWARE LAUNCHES SLIM WASHBASINS

Parryware, a bathroom solutions brand, has launched a range of slim wash basins called In-Slim.

The surface pattern is partly decorative and partly functional, and that will prevent objects from slipping or leaving behind stains. In-Slim is 4mm to 5mm broad with wafer-thin walls, is lightweight, and sustainable as compared to traditional basins that take up more space in a bathroom.

The range offers two circular and two square shape table top forms in varied sizes.

**Available at :** All Parryware stores in India

**Cost:** Rs 4,700 to Rs 6,500
