

new launch

NTL Lemnis launches Pharox Scoop Spotlight for the retail space

NTL Lemnis launched a new product 'Pharox Scoop Spotlight' — a sleek and unique design for enhancing décor of retail space where luminaire aesthetics and optical performance is of utmost importance.

It gives a high efficacy, consuming significantly lesser energy and offers longer life. Its pressure die cast aluminium body ensures efficient heat dissipation and long life of the light source and it can be rotated freely upto 320°. It also offers Zoom in/Zoom out feature to adjust light output as per requirement. This is designed for multiple applications like shop windows, shopping malls, museums, Retail Showrooms, Art galleries, banks, event venues, etc.

The MRP for 25W is INR 7450 and for 35W it is INR 8750.

NTL Lemnis designs, manufactures and sells the Pharox range of LED lighting solutions for India as well as for the global audience. The USP of the 'Pharox' range of products is that they are direct replacements of conventional lighting solutions, at market price, without compromising on the quality of light. The focus is especially on industries such as retail, IT/ITeS, hospitality, healthcare, automobile & consumer.

Parryware's In-Slim reflects European design

Parryware brings in a new range of super slim wash basins - In-slim. The washbasin architecture fulfills the pre-requisites of space-saving trend and gives a perfect mix to the surface treatment and creates patterns with a fine definition. The surface pattern is gently decorative and purely functional as they prevent objects from slipping and leaving stains.

In-Slim's unique aesthetic allows a very tight radii of 4-5 mm which has wafer-thin walls, lightweight and sustainable, economises on space for contemporary bathroom. It is a nifty solution in a powerful extraction with the ease of maintenance and a sleek-looking product which enhances the sense of space and gives a visual lightness.

Following the trend for slimmer basins, the range offers 2 circular and 2 square shape table top forms with varied size, providing a broad choice as the washing area solutions. In-Slim basins advent continues a long-standing tradition of inventiveness that Roca Group design philosophy has fostered, to come up with ceramics waste coupling at this mid-economic range that makes them a great fit in the modern-day trendy bathroom spaces.

VitrA introduces Water Jewels collection

VitrA introduces fascinating range of washbasins of different shapes and colours adding motion to living spaces. The Water Jewels Series was created by the Italian designer Matteo Thun together with the VitrA Design Team. This series artfully showcases the design of ceramic washbasins finished with brilliant metallic coatings that draw inspiration from traditional Turkish craftsmanship. This collection's seemingly simple form and function are enhanced to incredible effect with PVD coatings, a state-of-the-art process of vaporising and depositing metal powder onto a surface, which remains corrosion-free and scratch-resistant.

The Water Jewels Collection is available in gold, copper, platinum and traditional white gloss and suitable for bench mount, semi-inset and under counter installation; the basins add texture, depth and a unique identity rarely seen before in bathroom design.

Grandeur launches Anteprima wardrobes by Pianca in India

Grandeur has introduced the latest collection of Anteprima walk-in wardrobes by Pianca in India. The premier Italian design house, Pianca, has built-on the previous Anteprima collections to unveil the 2016 range that combines optimal storage design with innovative accessories to deliver the best in luxurious closet spaces. The Anteprima walk-in wardrobes, symbolising luxury, can be customised in any size, finish and internal accessories.

Accessories such as pull-down hanging rods, fabric lined drawers and trouser-racks can be added to the wardrobe's design to suit individual preferences.

At Grandeur, Anteprima wardrobes can be complemented by a wide variety of beds and casegoods that help create bespoke bedroom compositions that reflect one's individual style. Anteprima walk-in wardrobes are available in lacquer, glass and veneer finishes along with various other wardrobe interpretations by Pianca.
