# OUR GOAL: YOUR WELL-BEING

The world is advancing and new techniques, devices and technologies are accompanying us in our daily lives for any activity. At **JohnsonSuisse**, we are committed to advances in design, technology and materials with a clear objective: your well-being. In 2025, it is not possible to talk about well-being without the term also including well-being for the environment and the planet.

That is why our products seek a combination of comfort, functionality, sustainability and versatile design that adapts to the new times, spaces and needs of each person. People are different and have different needs, but the solution to all of them is always based on well-being.

Welcome to the 2025/26 catalogue, welcome to wellness in your life and in your home.

# The Company

*“JohnsonSuisse is more than a bathroom solution provider.”*

## A Heritage of Superior Craftsmanship

For over 50 years, [JohnsonSuisse](#) has been a leading brand in Malaysia’s sanitary ware industry, providing homes, businesses, and industries with complete bathroom solutions. In 2006, the company was acquired by Spain’s ROCA Corporación Empresarial S.A.

Guided by its parent company, the ROCA Group—one of the world’s leaders in the bathroom industry, operating in over 170 international markets—[JohnsonSuisse](#) has become a major supplier of commercial sanitary ware across the Asia Pacific, Middle Eastern, and Australian markets.

ROCA is constantly seeking ways to enhance and strengthen the [JohnsonSuisse](#) brand locally and internationally. [JohnsonSuisse](#) has become a key reference point for consumers and professionals alike.

In 2016, ROCA established a modern and spacious 8,000-square-foot ROCA Experience Center, showcasing the extensive range of [JohnsonSuisse](#) products. [JohnsonSuisse](#) sanitary ware is made from durable, scratch-resistant vitreous china and polished with high-quality glaze, which carries a lifetime warranty against manufacturing defects. To date, [JohnsonSuisse](#) products are widely used in prestigious buildings, hotels, and residential projects worldwide.

[JohnsonSuisse](#) is more than a provider of bathroom solutions. It’s a space, an idea, an activity—it’s the new lifestyle.

It’s bathroom redefined.

# Brand Values

# Research & Development

## Excellence Driven by Innovation

As time progresses, the new becomes the old. As such, research and development is never ending. Every day at **JohnsonSuisse**, we desire to be better than yesterday - to constantly raise the industry standards to evolve.

**JohnsonSuisse** invests a lot of time in research and development. Just as the sun would rise and set every day, our commitment to constantly improve is unflinching. New designs and pieces are subject to testing to ensure their usability, durability, as well as its aesthetic value. Familiar and common pieces are revisited and revised. We are constantly changing for the better.

# Certified Quality

## Setting the Standard in Quality Control

**JohnsonSuisse** demands research and design criteria for its products, along with strict certified quality control mechanisms. It has been a pioneer in obtaining different certificates and approvals that endorse our commitment to quality: approval for sanitary fittings, steel and acrylic baths, not only in Malaysia but also on an international level.

Export of **JohnsonSuisse** products to other countries is carried out following the requirements of the recipient's country and after having received the approval of the quality certificates of the country of destination. Thus, apart from holding a Company Registration Certificate, in compliance with the ISO 9001 international regulations, **JohnsonSuisse** holds those responding to the national and international regulations of the numerous markets where **JohnsonSuisse** is present and where it enjoys considerable prestige.

### International

## Committed to a **Greener Future**

Our factory production processes are governed by a systematic series of sustainability measures applied to all our products.

We take care of the details of all materials used, always respecting the environment and all living beings on the planet. These actions are applied to all our production processes and eventually to all our products. Our tap fittings feature innovative water-saving systems, such as flow limiters, which reduce the unnecessary use of water and save one of our most precious resources.

Our products comply with the necessary requirements to qualify for certifications such as the Green Category. We encourage the responsible use of water and natural resources. More and more [JohnsonSuisse](#) products incorporate these improvements in the field of sustainability.
